

Chesterfield Fencing provides its services in a timely and workmanlike manner, using knowledge and recommendations for performing the services which meet generally acceptable standards in our community and region, and will provide a standard of care equal to, or superior to, care used by service providers similar to Chesterfield Fencing & More on similar projects.

WARRANTY PERIOD

Our workmanship warranty is valid immediately upon installation completion and will continue through the lifetime of the product installed.

NAIL STREAKING

Nail streaking may occur on wood fence panels due to tannins found naturally in the lumber and also due to other environmental conditions. Chesterfield Fencing & More uses high quality fencing nails while assembling panels and assumes no liability for nails streaking.

WHAT TO EXPECT WITH WOOD FENCE

Chesterfield Fencing & More does not offer a warranty against twisting, warping, cracking or splitting of pressure treated materials. After a wood fence is installed the wood will naturally shrink and expand based on natural and environmental conditions.

FENCE STAINING & SEALING

Chesterfield Fencing & More recommends staining wood fences and decks with an oil based stain after wood has reached the appropriate moisture level.

VOID WARRANTY

Warranty shall be void if owner or other third parties makes alterations to products installed by Chesterfield Fencing & More.

Some of the products installed by Chesterfield Fencing & More come with a separate manufacture warranty. Ask us about the warranties available from our material manufacturers.
